

Main technical specifications of TSC chain conveyors

Chain conveyor model		TSC-200			TSC-320		TSC-400			TSC-500			TSC-600	TSC-700
Conveyor capacity	Q t/h, for wheat with bulk density of 0,75 t/m ³	20	30	50	75	100	150	175	200	250	300	350	400	500
	Chain moving speed, (m/s)	up to 0,6			up to 0,6		up to 0,6			up to 0,63			up to 0,63	up to 0,63
Maximal transportation length in basic configuration (m)		60												
Drive power (kW)		4	5,5	9,2	15	18,5	30	30	37	45	55	75	75	90
Cross-section of the layer being transported (mm)		200x193			320x259		400x330			500x485			600x485	700x486
Pitch of the GOST 588 slat chain (mm)		100			125		160
